0 of 0 people found the following review helpful. Ok designs but very hard to read numbersBy Customer
Designs are good and difficult and unlike another book from the same brand it shows you were too break and start in a new spot. Only problem is that some of the puzzles are so dense that you cannot read many of the numbers... this would be understandable if I hadn't finished a different dot-to-dot book/brand that had designs with double the numbers that were all clear and considering that these designs have less numbers you would think that you could clearly see them. Only had issues with 2-3 patterns being that way. No directions so if I had never done one of the puzzles I wouldn't understand the breaks0 of 0 people found the following review helpful. Five StarsBy Janice DuffyGreat book0 of 2 people found the following review helpful. Five StarsBy sylvia synnottAAA+

The ultimate book for connect-the-dots fans ON SALE FOR A LIMITED TIME! This puzzle book will captivate, motivate, and titillate you for hours and hours. You'll find tons of intricate dots to connect and projects to complete that are terrifically tough and fantastically fun!Grab your favorite tool and begin connecting. Soon, you will uncover beautiful destinations... Can you name them all? Let the challenge begin! BONUS INSIDE!
