Tim Bourke, Marc Smith : Countdown to Winning Bridge before purchasing it in order to gauge whether or not it would be worth my time, and all praised Countdown to Winning Bridge:

Did you ever notice how the bridge experts always seem to know where every card is? How their finesses always seem to succeed? How their guesses are nearly always perfect? This book won't teach you to play quite that well, but it will introduce you to some very simple techniques that the experts use on play and defense. As declarer or defender, counting the hand is the one thing that will help you the most. But how do you keep track of all those cards? This book will show you how - explaining the tricks of the trade, and helping anyone who can count to thirteen to become a much better player. Full of practical examples of how to apply the information you get from counting, this book is sure to improve your game.
