school and college girls are disappearing, their bodies later found buried in the woods. I'm glad we read that and a few other creepy chapters before mailing this off to our nephew.

Liars, cheats, thieves, and murderers: it's time to call Dr. Quicksolve, his son Junior, and his former partner, Elliot Savant. No one else can crack a case so swiftly. Come along, join the mini-mystery fun, and try to solve the crimes, too. Chewing Gum Art: When the museum lights went out, a valuable painting disappeared. In the darkness everyone heard three whirrs. Is that enough to nail the culprit? Go with the Flow: Someone's been shot-and the duo who did it fled to the park. Quicksolve, Junior, and the police are questioning some suspects. Who should they arrest? Perhaps the heavy rain will give them a clue...Happy (quick) solving!
