1 of 1 people found the following review helpful. great puzzlesBy Amy KincaidI downloaded this book when it was offered free on . It was very helpful to get a copy of the book before I bought a printed version. If you want to find more free books, just search for a subject and sort the results by price. If you want to work on a puzzle, you can take a

screen shot and then print that picture so you can write on the paper. I'm not sure it is worth it though since you have to print each puzzle you want to work on. With the cost of ink, you might as well buy the book. It is nice to check out the book first though so you can ensure you will be happy with your purchase. You can also use various programs to be able to write with your finger onto the puzzle if you make a screen shot and then open it on your tablet or phone. It's kind of a hassle though, unless you are tech savvy and whip through the pictures, etc. 0 of 0 people found the following review helpful. Very disappointing By Patricia C. Hodge Awful. Get far better puzzles on the Net, such as USA Today, Washington Post, and LA Times . Thought I was going to receive something reasonably intelligent. Strange 'clues' ! Junk puzzle, sorry to say. I'd be interested in reading thoughts from others ! 0 of 0 people found the following review helpful. Crossword for seniors By dregan Disappointing. It didn't work well with my kindle and had few puzzles that I could not play.
