I found that the clues were very general, as many clues had the ability of being several different answers without any way to distinguish the correct answer. Many of the clues are related to the 2010 CMA Awards, as if this puzzle book was created on a whim after solely watching the CMAs. Some clues were even completely unrelated to country music, such as ones concerning Tom Petty and John Mellencamp. Some answers were incorrectly spelled; for example in one puzzle

"Dolly Parton" had an unnecessary apostrophe after it. The crossword puzzles were very disappointing and unless one would enjoy spending an unreasonable amount of time in the answer key section I do not suggest this book. 0 of 0 people found the following review helpful.
