Randall J. Hartman : Crosswords Over Easy: 72 Relaxing Puzzles (Easy Crosswords) before purchasing it in order to gage whether or not it would be worth my time, and all praised Crosswords Over Easy: 72 Relaxing Puzzles (Easy Crosswords):

2 of 2 people found the following review helpful. Pleasant, fun, some British problemsBy AlexVery nice--written for people who are into a bit of challenge but not for people who have done so many strange crosswords over the years that they immediately think of the most obscure reference when given a clue.Still some problems with British culture and spelling, instead of American. (How hard can it be to sell one version to the 330 million of us here?)Keep 'em coming, PuzzleWright (and write for Americans)!1 of 1 people found the following review helpful. Good BooksBy Mr.BillThese are a good series of crossword books. They're not as good as the NY Times Monday/Tuesday crossword books, but they are very close. Often the 'themes' of these crosswords don't make any sense, but overall these are a good, fun, series of books. The puzzles are easy enough to do, but not too easy.0 of 0 people found the following review helpful. crosswordsBy Gloria GardnerThese are my favorite crossword series, but they are challenging but still

are easy enough that I don't get frustrated

Who says crosswords have to be tough to be fun? The 72 crossword puzzles featured here prove otherwise-they're designed to be solvable by novice puzzle fans, while still providing enough challenge and witty wordplay to amuse more skilled players. Each puzzle provides a theme, which makes them easier to solve. With these crosswords, beginners will learn how to apply basic problem-solving techniques and improve their intellectual dexterity.
