I just keep on purchasing his books! Thank goodness puts a notice of my purchases on the top of each entry page, otherwise I'd just keep buying books without any foreknowledge of a previous purchase. Thanks, people!1 of 1 people found the following review helpful. I love Williams cryptic crosswordsBy BephiI love Williams cryptic crosswords. I have been hooked on cryptics for years. I like the straight crosswords, like this book. A lot of other ones are too hard, but these are just right.0 of 0 people found the following review helpful. This is a great book for easy- moderate cryptic crosswordsBy afreema!This is a great book for easy- moderate cryptic crosswords. I just got into cryptics and I can usually finish at least 60-70% of each puzzle with with little problem. A good place to start!
