I can complete each one of these in less than ten minutes with little to no challenge. This might be a good introductory book for someone dipping their toe into the cryptic pool, but if you prefer a tougher exercise, look elsewhere.1 of 1 people found the following review helpful. Too easy!By Edith RudyOrdered this one in error...have done his puzzles before, and they don't offer any real challenge. It's so hard to find cryptics that I tend to order without really checking.0 of 0 people found the following review helpful. Three StarsBy Carol ThompsonRepetitive
