Great alternative to regular crossword puzzlesBy Marg-GramThe cryptic crossword puzzles of Wayne Robert Williams are just challenging enough to be fun without being frustrating. You may have to rest and come back to a few of the clues later to figure out the answers, but it is well worth the effort. The directions in the front of the book set you up to be able to figure out many of the answers on each page once you get the idea of the "double clues" in the cryptic format. Hidden answers within words or spanning two words will start to jump out at you. Clue words relating to "hearing" alert you to sound-alike answers. And the number at the end of a clue help you to look for the combination of words that can be unscrambled and rearranged to give the answer to the real definition or clue. The thinking and re-thinking of where the real clue is in the line stretches those sluggish brain cells a bit more than standard crossword puzzles which may become boring to you once you are hooked on the cryptics.2 of 2 people found the following review helpful. I Love This GuyBy John AshLet's look at this a bit

differently. Yes, the clues are a bit weird. Some are obvious. And yes, these cryptics are easier than many. Yet, let us not lose sight of the fact that this creator puts together and offers to us, the addicted public, a LOT of these books. These books are FUN! I salute his work. And, I avidly consume his puzzles. His books are worth every penny. I thank Wayne Robert Williams.
