I can get 4 out of 5 clues right away, but I still have to work on some of them. This makes the book challenging but not way over my head. I particularly like the variety puzzles.0 of 0 people found the following review helpful. Three StarsBy Steve SternerI like more difficult puzzles.0 of 0 people found the following review helpful. Great funBy Herbert HooverMy spouse is a puzzle lover, and specifically likes cryptic variety puzzles. The book is in her hands a part of most days since she received the gift. She says the puzzles are great fun. The only question now is, "when is volume three?"
