Give yourself a break from stories about wizards and detectives. Buy and read this book by James Edward. It is obviously based on an unrealistic fantasy - Cubs win, Cubs win??? Nevertheless, it is well written and a delight to read. It gets high marks for craftsmanship. James Edward knows how to plot, knows how to write realistic dialogue without stiffness, and handles well description of people and places. I won't spoil the book for you by recounting specific events. But the best compliment I think I can give is that I look forward anxiously to reading Mr. Edward's next book.

I bought this book for my husband, but read it first. It is really good, covering not only 100 years of Cubs futility, but the Ryan family and their history. Jack Ryan and his wild wife Angela are a hoot. Enjoyed it a lot, and I'm not even a big Cubs fan.

Finally, Cubs Win
This is the story of the Ryan family and their loyalty to the Chicago Cubs. It follows Frank Ryan, his children and grandchildren, including Jack Ryan over a hundred years watching the Cubs during their good and not so good years. Grandson Jack Ryan plays for the Chicago Cubs Legends team comprised of Ernie Banks, Three Finger Brown, Johnny Evers and Hack Wilson among others. They have an outstanding season and the players wives and girl friends have a great time watching. The games become increasingly better attended as the season progresses.
Challenged by the Detroit Tigers Legends team, including Ty Cobb, Sam Crawford, Hank Greenberg and Schoolboy Roe, the Cubs play the Legends World Series in Cooperstown, New York over the Labor Day weekend, 2008.
