**Frank Scoblete, Dominator : Cutting Edge Craps: Advanced Strategies for Serious Players** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cutting Edge Craps: Advanced Strategies for Serious Players:

10 of 10 people found the following review helpful. Finally a true advanced strategy book on craps By Dice Pilot This advanced book goes where no other craps books have gone in the past. Frank explains the topics of table surface conditions, advanced betting styles, patterns of dice control performance and a few secrets are revealed. Dice sets are explained in detail with the player's edge calculations vs. random rollers. If you are serious about dice control and the

game of craps, this book is a must for your collection. 0 of 0 people found the following review helpful. Most books on craps will have some sort of advice ...By KrissyMost books on craps will have some sort of advice regarding wagering that is beneficial not really that will let you win(except in the short term. The saying goes for craps "you can win A game but not THE game!0 of 0 people found the following review helpful. I love reading to learn if the subject interests meBy DubV1986I love reading to learn if the subject interests me, and craps always has. Recommend starting with one of his beginner books before moving on to this. A little too technical and advanced for me so far, but fun to read.
