Jordan Matter : Dancers After Dark before purchasing it in order to gage whether or not it would be worth my time, and all praised Dancers After Dark:

5 of 5 people found the following review helpful. Photos: 5 stars, Kindle version: 2 starsBy Douglas H.First of all, I love dance photography and I love the photos in this book. Hats off to the photographer and the gutsy dancers, gymnasts, and circus performers who braved weather, grimy settings, peeping toms and the police to pull this work off.I can't give this the five stars it deserves because with the Kindle version of the book, there is no way to enlarge the text or zoom in on the photos. Each page is basically a static version of the book layout. You can look at the photos on your phone or a standard size Kindle, but unless you have really good eyes, you will not be able to read the text. I will most likely order the "dead tree" version of Dancers After Dark.1 of 1 people found the following review helpful. Creative, wonderful, amazing dancers, locations and color / BW photos. A gem for family for the coffee table / master bedroom.By Aotearoa_KiwiGreat book.Wonderful photos.Creative photographer and dancers.Amazing poses to 'expose' us to the art of dancing, dancing positions, diversity of dancers, diversity of scenes / places, ...Put out a second and third book for 'Dancers during the Day' or 'Dancers at Day Break', ...Love to see non-city alternative settings for a future book in other countries that USA and Western-Europe. NZ, Australia, Indonesia, Africa, Russia, Japan, ...Nice

to see explanations of how the dancers were staged, prepared, lit, focus, cropped, ...My favorite is the woman dancer in CA coast at sunset - beautiful setting (beach / rocks / water), sunset colors, dancer pose and poise, ...1 of 1 people found the following review helpful. Excellent Concept ExecutionBy J. S. PorterEven though the pictured dancers are in superb physical shape, its amazing none were injured while striking the athletic poses in, on and around the locations used in the book. Even more amazing, the often quickly-posed photos dont reveal a single crotch, male or female!The photos are roughly half color, half black white. Both work and reproduction is excellent. A number of photos are printed across the binding, but generally this doesnt detract from the image kudos to the art director. My only complaint, probably echoed by many buying the book, is that its too small. Howard Schatz similarly-themed Passion Line is a majestic 11x14 and printed on heavy stock. Dancers After Dark deserves to be printed larger than a textbook.

Dancers After Dark is an amazing celebration of the human body and the human spirit, as dancers, photographed nude and at night, strike poses of fearless beauty. Without a permit or a plan, Jordan Matter led hundreds of the most exciting dancers in the world out of their comfort zonesnot to mention their clothesto explore the most compelling reaches of beauty and the human form. After all the risk and daring, the result is extraordinary: 300 dancers, 400 locations, more than 150 stunning photographs. And no clothes, no arrests, no regrets. Each image highlights the amazing abilities of these artistsand presents a core message to the reader: Say yes rather than no, and embrace the risks and opportunities that life presents.

Thrilling and breathtaking photographs of professional dancers and performers posing naked at night. It's a celebration of the outrageous, the unlikely and courage to say yes. BUST.com We are loving this celebration of strength, adventure, risk and fearless beauty! ESSENCE.com
