Martin Harrison, David Bailey : David Bailey Locations: Photographs 1970-1979 before purchasing it in order to gage whether or not it would be worth my time, and all praised David Bailey Locations: Photographs 1970-1979:

If David Bailey was the quintessential London photographer during the Swinging Sixties, the photographs he produced in the 1970s reflect a radical reorientation. As can be seen in this comprehensive selection, his subject matter became truly international. Throughout the decade, Bailey determined to photograph peoples and places across the world that fascinated him. Alongside these photographs, this volume presents images from his 1970s fashion sittings (featuring Marie Helvin, Penelope Tree and Anjelica Huston), as well as his portraits of subjects ranging from Salvador Dali and Mick Jagger to Margaret Thatcher and Mother Teresa. His acclaimed television documentaries on Andy Warhol, Cecil Beaton and Luchino Visconti provided yet more opportunities for compelling stills.
