Andrew Soltis : David vs Goliath Chess: How to Beat a Stronger Player before purchasing it in order to gage whether or not it would be worth my time, and all praised David vs Goliath Chess: How to Beat a Stronger Player:

0 of 4 people found the following review helpful. Five StarsBy Garry WilliamsSolid0 of 0 people found the following review helpful. A Soltis Surprise!By EldodThis book is a small departure from Soltis' usual style of writing aimed at the submaster. Some examples : What it takes to become a Chess Master/Grandmaster; My Kingdom for Your Horse and Pawn Structure Chess. I am a die-hard Soltis fan but I was initially a bit skeptical of this new approach. How

wrong I was to doubt the submaster-master! If you sit down and honestly try to figure out the next move before looking at the book you will realize that not only has Soltis selected excellent games but that his real genius is that he knows exactly what annotations the submaster needs to understand what is going on! I encourage any submaster to get this excellent book! 2 of 13 people found the following review helpful. "Out psyc" the better player! By Interested Reader Lots of psychology.

Beat the odds and win the game, with the help of renowned chess writer Andrew Soltis. Can the lesser player win? Chess history says yes David CAN beat Goliath. Even international grandmasters have lost to up-and-comers. Renowned chess writer Andrew Soltis shows how as he guides you through 50 annotated games in which weaker players scored stunning upsets. From studying your opponents past games, to getting the right psychological mindset, to identifying unexpected strategies, these techniques will give you confidence to take on anyone.

About the Author International Grandmaster Andrew Soltis is chess correspondent for the New York Post and a very popular chess writer. He is the author of many books including *The Wisest Things Ever Said About Chess*, *Transpo Tricks in Chess*, and *How to Choose a Chess Move* (all published by Batsford).
