(Ohuhu, 40 colors, fine/broad ends) The colors will bleed to the next page so I did have to pick and choose on a couple of pages.) The art is near perfect/wonderful days of the four color comic. Glory days of the 60's, 70's. A few hit 50's/current times. Take your time with markers and this EXPLODES into life. Great job. 2 of 2 people found the following review helpful. Five Stars By JDLOVE this coloring book. Great product and fast shipment. Highly recommend! 0 of 0 people found the following review helpful. Great coloring book for DC Fans... but no Supergirl :( By stephyyykinss Overall, it

is a great coloring book for any hardcore DC fan. The Wonder Woman pages were perfect! I agree with the other reviewer that it can be frustrating that the pages are double sided. My other frustration was that Supergirl was literally nowhere to be found! I haven't seen her on a single page... Also, it would be cool if they had pages at the end that had characters from the current TV series (Legends of Tomorrow, The Flash, The Arrow, Supergirl). This would appeal to younger fans of the DCEU.
