Beth Moursund : Deck Deconstruction Companion (Magic: the Gathering) before purchasing it in order to gage whether or not it would be worth my time, and all praised Deck Deconstruction Companion (Magic: the Gathering):

0 of 0 people found the following review helpful. Holding AwesomenessBy theEMPTThis book is like holding a portion of Magic the Gathering history. This book is like holding a portion of the Magic Dojo in your hands.1 of 1 people found the following review helpful. The one MTG book that has stood the test of timeBy C. Bedford CrenshawMost Magic books do not age well. I am to say that this one has. Granted, none of the more recent cards are

in the book, but it still makes a great primer to learn on Magic's permanent decktypes. It's Type 1 decks are still valid to look thru. The ingenuity of other deck types will encourage new players how to look at various deck styles. If you can find a copy, buy it. 13 of 14 people found the following review helpful. Two Thumbs WAAAAAAAAAYYYYYYY UPBy A CustomerI find this very very useful! Explains about when a particular type of deck was first used and how well it did. Plus lets you know of other decks similiar, example the Red Sligh deck, it gives you multiple types of Sligh decks and who used them and when. Very nice book. It also breaks down what the decks primary strengths and weaknesses are.
