If you are a DM, this is great because you can pull out the spells you monsters want to use at your PCs. If you are a player playing a Cleric, Druid or split class, this is an awesome tool. I love this product because it saves you from flipping through two different books to find your spell. I bought this one and the Wizard spell deck used, both came in great condition. Cleric's, make your life easier and pick this up!0 of 0 people found the following review helpful. ... was split and caved in and was in overall bad condition and there was no card trayBy Barry D. BroylesThe box lid was split and caved in and was in overall bad condition and there was no card tray. I would not have purchased it if the description had been more accurate.0 of 0 people found the following review helpful. Five StarsBy Edward Stanaway#winning
