Horst A. Friedrichs : Denim Style before purchasing it in order to gage whether or not it would be worth my time, and all praised Denim Style:

0 of 0 people found the following review helpful. Great pictures, hardly any words...By asherMixed feelings about this book because I didn't really know what to expect. The photographs were certainly beautiful and inspiring. The format, design, and overall quality of the book is greatMy only negative is this. NO WORDS. Okay, it has words, but it is about 160 pages of great pictures but only a little forward in the front and photo credits, glossary and website directory (which I did find pretty nifty) in the back. If you are looking for a good denim read, this is not the book for you. If you are looking for a compilation of incredible, high quality, well rendered photographs of denim, look no further.

Renowned photographer Horst A. Friedrichs offers his inspirational take on the very best of contemporary denim style. Denim is one of the most versatile clothing materials and its loyal fans can be found everywhere. Over the decades its been the symbol of farmers, rebels, hippies, and men in leisure suits. Denim is loved by designers for its durability and economy and once again, the hottest fashion trendsetters are featuring the material in unprecedented iterations. In his signature style, Horst A. Friedrichs has scoured the streets of London looking for the most interesting and exciting examples of denim fashion. This book takes in all aspects of the thriving denim culture, whose followers can be obsessive about how the denim is woven, the old shuttle looms that produce it, the people who weave it, and the skills and techniques they have and use. Pages of gorgeous photographs of denim wear will inspire today's style conscious and trendspotters alike.
