CheckerBee Publishing : Dept 56, Inc. Snowbabies: Snowbunnies Secondary Market Price Guide Collector Handbook (Collectors Value Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dept 56, Inc. Snowbabies: Snowbunnies Secondary Market Price Guide Collector Handbook

(Collectors Value Guide):

Now in its third edition, the Collector's Value Guide to Department 56 Snowbabies is sure to delight collectors as much as the fun-loving winter toddlers themselves! The Value Guide captures the Snowbabies at their playful best, with large color pictures of every figurine, ornament, waterglobe, music box, pewter miniature and more. Fun and informative sections include a review of the 1998 releases (including the mid-year pieces), retirement news, helpful display tips, an overview of the secondary market, a look at variations, Snowbabies Friendship Club news, an illustrated time line of the collection, and more! But the fun doesn't stop there, as the Value Guide highlights the springtime cousins of the Snowbabies, the Snowbunnies, as well as the annual Easter Figurines. The Value Guide section features every Snowbabies, Snowbunnies and Easter piece in full color along with up-to-date secondary market values and has an easy-to-use format designed for you to total the value of your collection - one more reason why the Value Guide is the best resource for your Snowbabies collection!
