This book was somewhere in-between an illustration-only volume like the Art of Satoshi Kon (Dark Horse Entert.) and a Ghibli Art Book, which is a nice mix. Very high quality print, as expected. Some background is given to each image, and the bonus concept art is nicely packaged last in the book so the reader/viewer can appreciate the art style development and artistic context. Also, this art book is HUGE! I had to move my shelf down a good few centimeters to fit it in with my 30~some other art books - some of which I thought were large to begin with. Be sure to check the size specs before you buy - although I certainly think it's worth owning regardless of storage inconvenience. Very, VERY highly recommended!

Gorgeous art book ^0 of 0 people found the following review helpful. For him? FOR ME! heheheBy Merlin's BeardI love this collection of art, and although I had initially bought it for my friend's birthday I might end up keeping it for myself, haha. Great artwork, there's a fair amount of blank space so you don't feel like everything is just crammed onto the pages.1 of 1 people found the following review helpful. AMAZING !!!By Kelleigh Tommasselloawesome gift for any evangelion fan. period. more focused on characters, but has the Eva's too. for those that have only watched the series and have not read the manga series, this is all pictures illustrated by yoshiyuki sadamoto, the illustrator for the manga series. even so, for people whom have only watched the series, it's still an awesome book. me myself have only gotten to volume 6 in manga, but regardless, a great gift for a die hard evangelion fan. came In perfect condition. big art book. the book is HUGE. New look, a hard cover version for Der Mond!Stylish, delicate, and consistently edgy, Der Mond collects the color illustrations of Yoshiyuki Sadamoto, perhaps the most acclaimed manga and anime artist of all time. The book includes 74 pages of paintings and designs devoted to Neon Genesis Evangelion, plus another 50 pages from The Wings of Honneamise, Nadia--The Secret of Blue Water, Blue Uru, and other works--including Sadamoto's cover to Eric Clapton's 1998 album, Pilgrim.

About the AuthorYoshiyuki Sadamoto, one of the founding members of the animation powerhouse Studio Gainax, is the character designer for THE WINGS OF HONNEAMISE, NADIA, NEON GENESIS EVANGELION the animated series, and many other anime, illustration and art projects. His latest art book, DER MOND, is also available in English translation from VIZ Media. NEON GENESIS EVANGELION is Sadamoto's only full-length manga series.
