Michael Lummis : Deus Ex: Mankind Divided - Limited Edition Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Deus Ex: Mankind Divided - Limited Edition Guide:

56 of 58 people found the following review helpful. Save your money, no value here By M. Martin I'm a completionist and usually buy guides for certain types of games rather than scrape all over the internet. I've had solid guides from Prima before, but this one is basically useless. It's poorly laid out and missing significant content for those hunting trophies. Even simple things like in the first mission where a callout box for needing to complete the tutorials to obtain a trophy aren't done and/or aren't done effectively. It's also missing (to the best of my ability to decipher) a useful set of references to where the eBooks and other pick ups are on each map. (The maps themselves are also only minimally useful.) The Human Revolution guide by a competitor was MUCH better constructed and did a better job of walking you through difficult stealth sections if you were going for Pacifist / Foxiest of Hounds than anything I've seen so far in this guide. PowerPyx has a good walkthrough available online with some videos for trophy hunters and I would recommend checking that out for free rather than wasting your money here. The book has some good art... but that's about it. Going to be much more leery about buying Prima guides in the future versus Brady or others. 22 of 22 people found the following review helpful. Holy crap this guide is bad. By Daniel S. The guide to Human Revolution from a different company was SO VERY WELL WRITTEN OUT. Tons of info, maps, keys, etc to show every item, achievement, path, enemy, and mission objective. Words cannot describe how terrible this guide is. There is no order. I feel like I'm going crazy trying to figure everything out. As a completionist, the whole reason I buy guides is so I can find everything and do everything. For example, early on a "side note" mentions that there is a side mission at this point in the game called "The Calibrator" I spent 20 minutes searching the guide for the mission, any details on it, or where to even get the mission with no luck. This is honestly pathetic. Do not waste your money. 13 of 13 people found the following review helpful. I'll keep this review short and sweet. This guide is pretty much useless. By Joshua Klessig I'll keep this review short and sweet. This guide is pretty much useless. No maps showing where to find loot. Hell, no real maps at all that go into detail further than the in-game map. Most of the breakthroughs are incredibly vague and don't give you information you are looking for to complete mission. I regret this buy.

Deus Ex: Mankind Divided - Limited Edition Guide includes...Exclusive Bonuses: This limited edition hardcover guide includes an exclusive lithograph that can be framed and displayed. Development Team Commentary: Meet the games creators and learn all about the inspirations and challenges that led to the creation of the Deus Ex Universe. Our behind-the-scenes interviews reveal fascinating insights from the development team plus a gallery of conceptual art. Choose Your Play Style: Prepare for the dangers and challenges ahead with a complete overview of every critical point within the main story, then decide which of the two unique play styles lethal or non-lethal you want to employ. Using distinct walkthrough paths, we provide strategies for each play style including expert tips for attempting advanced Ghost tactics!
