Great strategy guide that covers the basics of everything in ...By Lucas PinkstockGreat strategy guide that covers the basics of everything in the game at the time. Amazing art work and cover. Love the book mark. I don't have internet or cellular service in my area where I live and it's annoying looking things up when I'm in an area that I can get on the internet, just to forget it when I get home. Even if I didn't use it, I'll still have it around to read.4 of 4 people found the following review helpful. GreatBy Mark A JastczemskiI was completely stunned at this product. I have owned many strategy guides in the past. I have to say this is the most detailed guide I have ever owned; from the exterior of the guide to the pages of the guide. The bookmark that it came with the guide was also well done. It was a nice surprise that it came with a digital version of the guide. I am very pleased.0 of 0 people found the following review helpful. Came in excellent condition came with a special d3 bookmarkBy AICame in excellent condition came with a special d3 bookmark. Bought it for maps but since game play

change map all the time was kinda useless at that. It has good source of game lore and enemy stats/weakness normal game play enemy movements. So, useful on building gears against bosses. But also useless on legendary "hearding staff" or hell rings. It has if not all legendary description weapons/armors/rings/ect. prior to the expansion.
