I don't have internet or cellular service where I live so I can't just Google and wiki anything I need knowledge about, so I got the strategy guide. It covers everything for the ROS doc, but it lacks in detailed info about legendary gear. Decent price, came on time in excellent condition.3 of 3 people found the following review helpful. Nice guideBy Nihilist74Awesome dark artwork. Has a lot of class information and quest information for new areas that the expansion adds to the game. If you want information on the old quest areas from the

original release, you will need to get the Diablo 3 strategy guide instead. This guide is for the new areas from the expansion Reaper of Souls. It does contain full detailed information for all classes including the new crusader class. 5 of 5 people found the following review helpful. RoS guide is Excellent Starters Guide By William Gunter The strategy guide is just that, a guide and is helpful in navigating through RoS. There are still things to learn and try out, quirks in the game that Blizzard will tweak and such. Take your time to enjoy the game and learn what works well and not so well. Use the Adventure Mode to grow and gain the gold you will need to build and repair your characters.
