This is a beautiful book of photographs of the late Princess Diana wearing many of the dresses which she put up for auction in June of 1997, just two months before she died. Mario Testino makes her shine even more brightly than most photographers. Wearing her spectacular dresses and posed so naturally by Mr. Testino, the Princess' vibrant, happy and lively image leaps from the pages. A beautiful happy time for the Princess is captured here in almost three dimensional beauty and grace by a world-class photographer. A must have for any serious fan of the late Princess. 0 of 0 people found the following review helpful. AWESOME, Beautiful book- please dont miss this one By MELISSA EMERSON AWESOME, Beautiful book- please dont miss this one. Getting hard to find now, the photography is beautiful and natural- she seems more relaxed and this photographer seemed to capture her authentic sweet spirit and it looks as if she was really learning to be comfortable with herself. This makes me happy to know

rhat she perhaps found peace, happiness, and hopefully love in her life finally. I sure hope so-God Bless you Dear Sweet Princess -You would be so proud of your boys- what a tribute to you they are living...You will ALWAYS be remembered by many and certainly by me.Melissa E
