I liked this bookBy CustomerIt is very adventure-like and all I would like to say is this author is radical and why I gave this book a rating of five out of five is Minecraft is one of my most fav video games even though I am a girl and it gives me the best feeling ever when it is exiting in the book. I so want to read the next book of Diary of a Minecraft Alien!0 of 0 people found the following review helpful. GoodBy Kindle CustomerI love the book and you should make a second one mine craft alien meets his new brother and sister0
