It really is a nice book, almost kept it and ordered another for her!There is a place in the back for dinner notes and parties notes etc. Sounds odd but it is really a neat idea. My friend loved it because of that added feature.If someone likes to entertain, they will like this. It features Jackie Kennedy which is fine. She was the only one with any class anyway.3 of 3 people found the following review helpful. Great detail and perfect for aBy Mary C.Unique book. Dinner Diaries follows in the spirit of Assouline's popular Proust Questionnaire, Fashion Questionnaire, and Wine Questionnaire, using the format of Proust's handy interview helper, to ask everything about dinner parties, from preferred seating arrangements to the best conversation topics. Featuring handwritten answers from experienced hosts such as Ivanka Trump and chef Alex Hitz, Dinner Diaries is illustrated with ephemera from these hosts: seating charts, menus, guest lists, place cards and contains blank questionnaires and seating charts in the back to share with friends. The perfect gift!
