Beautiful on every page!By Pedro GuillotyIf you never got the original copy when it came out in 2007 , then this will make a wonderful addition to your fashion library or fashionably coffee table. I got the original that year and immediately bought it and became the favorite book in my library just because it was magnificently beautiful. It contains great information on the evolution of the house of Dior

through its (now) 6 creative directors starting with Monsior Dior himself all the way updated to Raf Simons. Making this edition that more poignant as it includes a new chapter on the recently departed last creative director. As with all insiders on the oeuvre of the maison, there are so many dresses you wish they would have picked to showcase, but the selection here is quite superb anyways. It's just one of those items that makes your place look that much prettier just by having it around. I bought the original one and this one through here in pre-order so I actually paid less than the actual price listed here now. No need to have both though , this last updated edition more than will do. But in just two words : beautiful , inspiring 0 of 0 people found the following review helpful. Five Stars By Customer Great for our Miami Fashion Institute at Miami Dade College.

Original photography and insightful text illuminate the House of Dior, including 150 of its most beautiful haute couture dresses by Christian Dior, Yves Saint Laurent, Marc Bohan, Gianfranco Ferre and John Galiano. Celebrity models from Suzy Parker to Kate Moss are immortalized in Dior by fashion photography legends from Irving Penn to Nick Knight. This definitive anthology of one of the world's foremost couture houses captures the ambiance, creativity, and fashion of each era. An added bonus: an appendix of the house's 120 Haute Couture COLLECTIONS.
