Michael Schudson : Discovering The News: A Social History Of American Newspapers before purchasing it in order to gage whether or not it would be worth my time, and all praised Discovering The News: A Social History Of American Newspapers:

1 of 1 people found the following review helpful. Required Reading to Understand Democracy's Need for Independent

JournalismBy Stephen N. AndersonUnderstanding media today, and what its responsibility is in our democracy makes this required reading. Thomas Jefferson said it best: "I would rather have newspapers without a government than a government without newspapers."0 of 0 people found the following review helpful. This is a required book for a College course. ...By MessengerThis is a required book for a College course. Schudson knows his material and covers a wide array of topics. A worthy read.0 of 4 people found the following review helpful. Three StarsBy Aaron Znot very new.

This instructive and entertaining social history of American newspapers shows that the very idea of impartial, objective news was the social product of the democratization of political, economic, and social life in the nineteenth century. Professor Schudson analyzes the shifts in reportorial style over the years and explains why the belief among journalists and readers alike that newspapers must be objective still lives on.

From the Back CoverThis book traces the development of the American newspaper...thoughtfully and intelligently, and provocatively enough to raise legitimate doubts about the usefulness of most published histories of the American press. Professor Schudson analyzes the shifts in reportorial style over the years and readers alike that newspapers must be objective still lives on.
