Howard Grossman : Disney Infinity 2014 Revised Edition: Prima Official Game Guide (Prima Official Game Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Disney Infinity 2014 Revised Edition: Prima Official Game Guide (Prima Official Game Guides):

7 of 7 people found the following review helpful. Twice the size, great information.By Nathaniel ThompsonJust received it today and it is awesome and full of the information I was looking for. Normally I do not buy game guides but this game has so many collectibles that it is necessary. This guide has all of the information I was looing for and more. I will update this hopefully if I remember and as I play more.1 of 1 people found the following review helpful.

Wii Users Be Warned By Blast from the Past I like the fact it lists all the collectables, but it's clear it wasn't written with the Wii platform as a focus - more of an "and also." I kept looking for things listed in the book, not realizing that those were not the collectables in the Wii platform. Granted, it's Disney's fault for programming the game to a more stripped down version for Wii, but still this book makes it harder to find the info for Wii by not cross-referencing the lists of what is or isn't available on Wii. Also, I wish this book gave a more detail map for the worlds. Even though I had this book in hand, I got lost in the Toy Story World and it took me an hour and a half to find my way back to the gate. Normally, I love Prima, but this one isn't their best work. 1 of 1 people found the following review helpful. Great help. By bargainshopper12 If you have the first Infinity guide then you know how helpful the book is when trying to help your little one figure out how to get through the many play sets of Disney Infinity. This revised edition helps with the newer play sets and characters that have come out since the first edition. It has all the info from the first book as well. A must have if you are trying to figure out how to defeat Emperor Zurg!
