Good Guide Book for the Clueless Parent and Any Others Wanting to Have Disney Infinity GuidanceBy JB knowsUseful for anyone wanting a guide to the Disney Infinity game. As a parent, there is a need to intervene when a child is frustrated with the game or not sure what else there is to do in an area. This is my go-to book for this game since I can quickly help out in a pinch and not know anything about the game! Sometimes when I play this game with a child - I can quickly read a section to become familiar with a topic and actually help (vs hinder) the child. Anyway, it is has been useful for my needs, and is easy to understand.0 of 0 people found the following review helpful. So grateful that you made a guide for old dinosaurs like me!By Sandra MasonSo

grateful that you made a guide for old dinosaurs like me! I was cruising along, with my V-smile and then my grandchildren hit school age-kindergarten and first grade and outgrew my V-smile. I was doing so well! So now my kindergartener, and first grader, are patiently teaching me disney infinity. Thank God for your guides, or I'd never be able to figure it out!0 of 0 people found the following review helpful. ExcellentBy Dustin GibsonGreat item
