Michael Knight : Donkey Kong Country Returns: Prima Official Game Guide (Prima Official Game Guides)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Donkey Kong Country Returns: Prima Official Game Guide (Prima Official Game Guides):

Sure, this'll show you where coins, etc. are but they just assume you're a super gamer here and don't offer tips on how to complete the more difficult sections. I don't remember being handed everything in previous DK Guides, but a little help for us casual, untalented gamers would have been appreciated.0 of 0 people found the following review helpful. Fun game, two player is kind

of annoyingBy Susan LightI love the Wii and the Wii U, which will also play this, and it's a GORGEOUS game. But it's really a one player game. There is no advantage and a lot of disadvantages to playing Diddy separately when he can ride on DK's back and you can use his rocket pack. So as a one player game it's super fun but don't try the two player cause it just wastes all your balloons (lives).0 of 0 people found the following review helpful. Good bookBy Mr.DreamI didn't buy this book because I needed its help to beat the game, I bought it to ensure I found everything in the game. It's been a while since I used it, but if I'm recalling correctly, I think it might have missed 1 thing. And it wasn't anything you wouldn't be able to find on youtube in about 3 seconds anyway. So, if you don't want to watch videos to find everything in the game, this book is great...or you could just find everything on your own...which I didn't.

All levels detailed with labeled maps. Two player tips for getting the most out of co-op play! Every hidden item revealed.
