**Mary Jane Orock : Learn Bridge The 2/1 Way** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Learn Bridge The 2/1 Way:

This book is by an excellent teacher by Mary Jane Orock, who was awarded the ABTA teacher of the year in 2013, together with able assistance from Jacqueline Montgomery. The book promotes the use of what is known as the "Two-Over-One" bidding system which is a favorite in the US bridge world. (There is relatively little discussion of the play

portion of a hand, but it was not intended to). Now for a confession, I provided editorial support to Mary Jane Jacqueline (as noted in the acknowledgements on the back cover image). However, even if that had not been the case, I would still rate this as a very good book for learning Two-Over-One. 2 of 2 people found the following review helpful. Bridge enthusiast By Lou Ann Extremely well-written. Easy to follow with lots of good information. This will be my new "go to" reference as it introduces me to some new and modern conventions. Recommend for beginners and intermediates alike. 1 of 1 people found the following review helpful. THE EASIEST WAY TO LEARN 2/1 By JANICE CHOYCE VERY WELL WRITTEN.
