**Mihail Marin : Learn from the Legends: Chess Champions at their Best** before purchasing it in order to gage whether or not it would be worth my time, and all praised Learn from the Legends: Chess Champions at their Best:

5 of 5 people found the following review helpful. An Instant ClassicBy FeedbackWritten with clarity and grace. The best book on chess that I have ever read. After reading this, I ordered every one of Marin's books I could find, just because he is the author. An instant classic.6 of 8 people found the following review helpful. It may be the best chess book written in the past 20 years !!By Luiz Gentil JuniorIt may be the best chess book written in the past 20 years but, the subject is not so simple and it may be better understood by a player with no less than a 2200 rating, although it is very nicely explained by GM Marin !!2 of 4 people found the following review helpful. Mihail Marin-great writerBy

CustomerI like very much this work by M. Marin. An excellent book, suitable for everyone who likes to enjoy and understand great games of the past.

Learn from the Legends is a modern classic. Mihail Marin examines and explains the ideas of the legends who shaped modern chess. ChessCafe chose it as their Book of the Year and IM Jeremy Silman went even further when he wrote: "I cant recall having seen a better book in the last two decades." Ten years after the original publication, Quality Chess is proud to offer a revised hardback edition with a new chapter on the latest chess legend, Magnus Carlsen.
