Five StarsBy Cliente KindleVer y good

Many people are drawn to the possibility of knowing the future through something as simple as a game of cards, yet few possess the skills to do so. This book is a tool for reading and understanding the Spanish tarot deck, useful for beginners as well as those looking to deepen their knowledge of the technique. Its object is not to convert every person into a fortune teller, but rather to teach methods for interpreting the everyday signals that indicate a destiny that can be modified.
