4 of 5 people found the following review helpful. Where's the beef?By Bob KeenanThere were quite a number of plants I would have liked to have seen dealt with in this book that weren't . Which ones the author did review were very concisely presented however. Overall, I would have to say that this is a very informative work, and will prove to be quite useful for the beginning shamanic student.0 of 0 people found the following review helpful.
