It features a character at the bottom of the month too. It's made of quality paper and printed very crisp. I couldn't be happier with it!0 of 0 people found the following review helpful. All calendars have great wallpapers from some of the greatest Zelda titlesBy Guillermo C.I have bought this calendar from 2013 (that's five years!) and I've never been dissappointed. All calendars have great wallpapers from some of the greatest Zelda titles. It's beautiful and made with shiny thick paper. (Can't wait to buy next year's featuring Breath of the Wild!)0 of 0 people found the following review helpful. If you like Zelda then why hesitateBy KassieWhat needs to be said? If you like Zelda then why hesitate? Something that great about this other than Zelda is, the material is strong, it doesn't rip, unless you intentionally rip it of course. The images on throughout the calendar are perfect. Like I said if you like Zelda, get it. It is worth it.

Featuring graphic art from The Legend of Zelda, one of Nintendos all-time bestselling game series, this sixteen-month calendar explores the fantasy world of Hyrule and its beloved characters, including Link, Princess Zelda, and Ganon.

This epic journey features vivid, fully composed scenes and is truly a gamers delight.
