**Bart G. Farkas : Legend of Zelda: Majora's Mask Official Strategy Guide (Bradygames Strategy Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Legend of Zelda: Majora's Mask Official Strategy Guide (Bradygames Strategy Guides):

1 of 1 people found the following review helpful. PosterBy Erik S.I purchased this guide mainly for the poster. For the guide, I would say it is overall ok for leading you through the game. The maps are decent but a little confusing...overall the guide doesn't seem well thought out. Like the producers of the guide didn't sit down and actually think about how to convey the needed information in a great way, they just chose a simple way to do it, and this method had its trade-offs. Trust the other reviews for the actual guide, I put photos of the guide onto the site. The poster is also very nice and I recommend you get a guide with the poster.0 of 0 people found the following review
