Fab Picture Book about Writers and What They Wore!By Assunta SciarrettaThis is a fun book for anyone who is curious about writers and their lives. There's a short biological sketch and pictures to go with the writers. The photographs in this book are amazing although none of them are in color. This book cleverly describes the synchronicity of the fashion and literary worlds. Signature looks of writers such as their glasses, head scarves and hats, suits, and hair demonstrate the deliberateness of their style that translated into their writing. I enjoyed seeing the full-page, vivid photographs of some of the world's greatest writers such as George Sand,

Edgar Allan Poe, T.S. Eliot, Mark Twain, Sylvia Plath, F. Scott Fitzgerald, Susan Sontag and Tom Wolfe. The writers' clothing was so distinctive that it contributed to their personas in a way that the ordinariness of their physicality couldn't. This would make a perfect gift book for anyone into literature! I only wished that even more writers and their wardrobe were covered. 5 of 5 people found the following review helpful. Breathtaking images and stories of literary greats; a mesmerizing glimpse by outwest There is simply something to be said about how truly great and inspirational writers have a mindset and worldview that is unlike what most people may have. What this book shows is that this mindset and self-image so often translates into an incredible and unique sense of style. Compiling vintage images of many great authors like Beckett, Plath, Wilde, and Donna Tartt with quotes, anecdotes and stories, this book provides a brief immersion into the authors themselves. Just looking at the cover image can leave you breathless. A truly unique and mesmerizing book.

The most counterintuitive book of the summer thus far. [Newmans] surprisingly convincing thesis is that the sartorial choices authors make are deeply connected to the narrative choices they make or, as Beckett put it, the fabric of language they use. -Vanessa Friedman, The New York Times Discover the signature sartorial and literary style of fifty men and women of letters, including Maya Angelou; Truman Capote; Colette; Bret Easton Ellis; Allen Ginsberg; Patti Smith; Karl Ove Knausgaard; and David Foster Wallace; in this unique compendium of profiles packed with eighty black-and-white photographs, excerpts, quotes, and fast facts that illuminates their impact on modern fashion. Whether its Zadie Smith's exotic turban, James Joyce's wire-framed glasses, or Samuel Beckett's Wallabees, a writer's attire often reflects the creative and spiritual essence of his or her work. As a non-linear sensibility has come to dominate modern style, curious trendsetters have increasingly found a stimulating muse in writers many, like Joan Didion, whose personal aesthetic is distinctly "out of fashion." For decades, Didion has used her work, both her journalism and experimental fiction, as a mirror to reflect her innermost emotions and ideas an originality that has inspired Millennials, resonated with a new generation of fashion designers and cultural tastemakers, and made Didion, in her eighties, the face of Celine in 2015. *Legendary Authors and the Clothes They Wore* examines fifty revered writers among them Samuel Beckett; Quentin Crisp; Simone de Beauvoir; T.S. Eliot; F. Scott and Zelda Fitzgerald; Malcolm Gladwell; Donna Tartt; John Updike; Oscar Wilde; and Tom Wolfe whose work and way of dress bears an idiosyncratic stamp influencing culture today. Terry Newman combines illuminating anecdotes about authors and their work, archival photography, first-person quotations from each writer and current designers, little-known facts, and clothing-oriented excerpts that exemplify their original writing style. Each entry spotlights an author and a signature wardrobe moment that expresses his or her persona, and reveals how it influences the fashion world today. Newman explores how the particular item of clothing or style has contributed to fashion's lingua franca delving deeper to appraise its historical trajectory and distinctive effect. *Legendary Authors and the Clothes They Wore* is an invaluable and engaging look at the writers we love and why we love what they wear that is sure to captivate lovers of great literature and sophisticated fashion.

One of Spring 2017's Top Ten Art, Architecture Photography Books (Publishers Weekly, Dec. 12, 2016 Issue) The book includes beautiful photographs, witty text and a passage from each writer's work. Cover model Joan Didion is my style icon. (Baltimore Style Magazine) In this unique examination of legendary authors and their personal style, Newman provides rare intimacy with the likes of Beckett, Plath, Wilde, Donna Tartt and even Jacqueline Susann through anecdotes, archival photos, quotations and more. (Indulge Magazine) I cannot put this book down; it is absolute joy. I have laughed out loud so many times and there are photos of my favourite authors I've never seen before. Highly recommended. (Lulu Guinness, Instagram, June 2017) Fascinating. Great idea by Terry Newman (Alexandra Shulman, Former Editor in Chief of British Vogue) The most counterintuitive book of the summer thus far. [Newmans] surprisingly convincing thesis is that the sartorial choices authors make are deeply connected to the narrative choices they make or, as Beckett put it, the fabric of language they use. (Vanessa Friedman, the New York Times) The style quirks of 49 authors, from writers like Virginia Woolf and the Fitzgeralds to Samuel Beckett and Gay Talese (who has worn bespoke suits since childhood). (New York Magazine, The Cut) The connection between the wardrobes and viewpoints of legendary writers may not seem at all obvious on first glance, but rifle through their drawers, and personalities appear and evolve. In *Legendary Authors and the Clothes They Wore*, you'll meet legendary authors who wore their hearts and words on their sleeves. (Elle.com) Newman explores the fascinating relationship between literary icons and fashion. She profiles 50 writers in her new book, examining their style choices in the greater context of their lives and bodies of work. (Paste Magazine) makes a good case for studying authors' sartorial choices a chance to discover whose understated ensemble matches their minimalist prose, or who dressed-down on the daily, saving their flair for the page. (Los Angeles Times) Where would fashion be without literature? Diana Vreeland once said. Somewhere far less interesting, contends Terry Newman in *Legendary Authors and the Clothes They Wore*. Because great writers are originals, their signature looks (like the minimalist flair of Newman's cover girl, Joan Didion) have inspired designers through the ages. (People Magazine) A new book celebrates 50 of the most memorably stylish authors, from Oscar Wilde to Joan Didion. *Legendary Authors and the Clothes They Wore*, new from Terry Newman,

offers gorgeous black-and-white photographs of writers who are as satisfying to look at as they are to read. (Houston Chronicle) Intricate and poignant Newman's immensely enjoyable book ranges from the 19th century to the present and rearranges the literary canon with abandon to illuminating and sometimes comic effect. The juxtapositions are playful but not trivial. Unsurprisingly, perhaps, the women and the gay men make the most interesting studies. (The London of Books) Didion and Knausgaard are among 50 writers whose style is explored in an engaging new book Newman finds that clothing is a valuable form of self-expression: a strong look can take an author far beyond the cultural confines of the bookshelf. (The Financial Times) Who knew there were so many snappily dressed authors? From Donna Tartt's glamorous tailoring ...to Tom Wolfe's attention-seeking three-piece white suits, they're featured, in all their sartorial glory in a new book that scampers past the sturm and drang of the books to the important stuff: clothes. (Telegraph) The essence of Newman's book and what's most intriguing is the way in which she highlights how much writers' real-life fashion choices reveal about their prose and personality. (Tory Burch Blog-Tory Daily) From the Back Cover Delving into the wardrobes of literary icons past and present and the way they write about clothes provides a glimpse into the world they each inhabited and their moment in time. A testament to the notion that reading and writing never go out of style, *Legendary Authors and the Clothes They Wore* is sure to captivate lovers of fine literature and dedicated followers of fashion. A collection of icons of literature and the sartorial stories they tell, this innovative gift book presents fifty fully illustrated profiles of prominent men and women of letters, highlighting their key works, signature fashion moments from their wardrobe that express their persona, and how they influence the fashion world today. This segues into an examination of how a particular item of clothing or style makes up part of fashion's lingua franca, getting under the skin of the fashion story and going into more detail about its historical trajectory and distinctive impact on popular culture. Entertaining features revealing anecdotes about the authors and their work, archival photography, first-person quotations, little-known facts, and clothing-oriented excerpts that exemplify their writing style make this a lively look at the authors we love.
