**Michael Littlefield : Lego Star Wars: The Complete Saga: Prima Official Game Guide (Prima Official Game Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lego Star Wars: The Complete Saga: Prima Official Game Guide (Prima Official Game Guides):

0 of 0 people found the following review helpful. every now and then we can't find something or can't remember what we're supposed to do in a particular area and its great to havBy SheilaWe bought this guide used because the one we bought new with the game disappeared into the outer family homes somewhere. Though we've done the game many times, every now and then we can't find something or can't remember what we're supposed to do in a particular area and its great to have these guides to assist you. Especially in the very beginning. The Prima Official Strategy Guides

are made extremely well, feels like high quality paper/cardboard and are beautiful to look at. Even buying this one second hand, it's in excellent shape and shows very little wear and then only on the binding. Now we again have a guide for each of our games.0 of 0 people found the following review helpful. HiBy very goodLove this book it comes in very handy0 of 0 people found the following review helpful. Great Buy at \$20By Ryan JanesGrandparents neeeeeeed books like this to keep up with the grandkids! We play this game with our grandson when he comes over, and this guide evens the playing field for us. There is so much that is involved in these games anymore, and very little information is included with the games themselves. We can now participate on a level that we could not before. We understand the missions and characters now, and what it is we need to do to move on in the game. I am very happy with this purchase

Detailed walkthroughs for every adventure in all six episodes! Locations for all LEGO canisters, Challenge canisters, and red power bricks! Exclusive maps! Extensive tips for Freeplay mode! New characters, vehicles, and game features revealed! All-new quick reference guide with detailed information for every level!
