The whole book basically compares the graphics and everything else to minecraft. What does that have to do with ANYTHING. I guess some people like minecraft but not everyone bought

the game because it had similar graphics or even cars. If u play the game for 10Mins you can write a better book on the game than this.0 of 0 people found the following review helpful. Not a guideBy DeborahVery limited and not a very good guide let alone the "Ultimate"0 of 0 people found the following review helpful. Bummer!By Karen SNot what I thought, this was for a computer and not helpful for PS4
