**Leigh Bowery : Leigh Bowery Looks** before purchasing it in order to gage whether or not it would be worth my time, and all praised Leigh Bowery Looks:

0 of 0 people found the following review helpful. Five Stars By Sue Callahan Perfect 1 of 1 people found the following review helpful. Leigh Bowery Looks By Thee Johnny Girl A fantastic book of Leigh Bowery's looks!! Fergus Greer's photographs show Bowery in a vivid and sometimes shocking template. A must have for any Bowery fan. My only negative critique is on the description of the hardcover book having 240 pages it's actually 175 pages...the same as the paperback. Oh well...now I have 2 awesome books of the amazing creature Leigh Bowery!! 0 of 0 people found the following review helpful. Leigh Bowery, shot by Fergus Greer By Marcus R Tate Great book, with some wonderful images.

Leigh Bowery is back. In just a few years, Leigh Bowery Looks rose to the status of being the definitive and indispensable guide to the unique looks designed and, in these photographs, worn by Bowery. This paperback edition shows one of Britain's most heroically ambitious yet underappreciated designers and performance artists. Bowery remains an inspiration to many contemporary fashion designers, though few are willing to admit it. Leigh Bowery Looks contains 300 photographs of Bowery--an extraordinary body of work that was the outcome of his collaboration with British photographer Fergus Greer between 1988 and 1994, the year of Bowery's death. Here the range of Bowery's many looks is most evident, as are the ways in which he has influenced the world of fashion today.

"Leigh Bowery was clearly one of the most eye-poppingly extraordinary figures of our time." (Martin Gayford The Daily Telegraph 20050801) About the Author Leigh Bowery was a performance artist, fashion designer, nightclub sensation, art object, aspiring pop star, and above all, an icon whose influence traversed the music, art, film, and fashion worlds. Perhaps he is best known as the muse and nude model for some of Lucian Freud's most famous paintings; ironic for the man who was infamous for his costumes. Originally from Australia, he arrived in London in 1980, and proceeded to establish himself both there and in New York for his scene-making clubs and performances until his death in 1994. Fergus Greer was born in England and now lives in the United States. His work can be seen regularly in Vanity Fair, The New Yorker, GQ, Newsweek, The New York Times Magazine, and other publications around the world. His portraits of Leigh Bowery have been exhibited in group shows at The Hayward Gallery in London and the Kunstmuseum Wolfsburg.
