**John Robertson : Lennon: A Day by Day Journey (Visual documentary)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lennon: A Day by Day Journey (Visual documentary):

This work documents the life of John Lennon from his birth in 1940, through his young life, his music, The Beatles, Yoko Ono, his solo work and finally his death in 1980. The book is illustrated to cover all periods of Lennon's life.
