**Todd Lowry, John Lennon, Paul McCartney : LENNON MCCARTNEY FAVORITES BK/CD** before purchasing it in order to gage whether or not it would be worth my time, and all praised LENNON MCCARTNEY FAVORITES BK/CD:

1 of 1 people found the following review helpful. Good as far as it goes-- but...By Elaine This book does what it says: gives a score to play from and a cd to listen to of "the styles and techniques "of the songs listed in the description. Note it says styles and techniques. This book only has parts of each song. So if you want to play the entire song you need to either figure it out based upon what you've been given, or buy the full score and then apply the ideas from this book to it. I wish it had been clearer what I was buying. As for the content: it is fairly faithful to the original keyboard parts played but sometimes uses different inversions of the chords in places where the original inversion is iconic and not

much harder to play. I don't understand the choices made by the arranger. I do like the fact that some of the harder riffs are played as a separate track at a slower tempo to aid in practice. All in all, not sure I'll keep this-- it's a great idea-- but doesn't fulfill my need for an easy way to teach my students the songs. 0 of 0 people found the following review helpful. One Star By Timno good for anything, do not buy

(Signature Licks Guitar). Learn to play the trademark licks from 16 top hits (L-Z) with this cool book/CD pack: Let It Be \* The Long and Winding Road \* Lucy in the Sky with Diamonds \* Martha My Dear \* Ob-La-Di, Ob-La-Da \* Oh! Darling \* Penny Lane \* Revolution \* Rocky Raccoon \* She's a Woman \* Strawberry Fields Forever \* We Can Work It Out \* With a Little Help from My Friends \* The Word \* You're Going to Lose That Girl \* Your Mother Should Know.
