0 of 0 people found the following review helpful. A cute little book!By Lee D HarmonThe other day I was playing at a casino where they turn up all the cards for all to see at the Let It Ride table. If that's how it's done at your casino, you

GOTTA pick up this book! It teaches you how to improve your odds if you're privy to the hands of a couple other players, with a few simple rules.

Since its introduction in 1993, Let it Ride has spread rapidly and is now the most popular table game behind blackjack and craps. Let it Ride is essentially a five card stud poker with the fun option that allows players not only to pull back bets if they don't like their cards, but to win very large jackpots if they get a big hand. Mason shows players the secrets of top percentage play, three and four card playing strategies, basic strategy in a way that's easy to remember, plus the advanced strategies that show players how to do better than the generally accepted odds. Lots of practical examples make learning easy and fun. Mason includes tips on getting comps so players can bring the odds on their side!
