**David Kimber : Lighting for Glamour Photography: A Complete Guide to Professional Techniques** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lighting for Glamour Photography: A Complete Guide to Professional Techniques:

0 of 0 people found the following review helpful. still relevant to today's photography. By sexy danceralthough this book pertains to film photography, you will get a lot of tips in shooting since the author has taken the time to indicate the technical aspects of shooting in each photo that he has taken. he has given tips in posing and getting to know and how to handle your model. because of this book i learned the value of filters and fill-in flash in outside location for

glamour photography. plus other tips that you will pick up. 0 of 0 people found the following review helpful. Great book for beginner.....By Customer If you are looking for something that teaches the basics. This is the book for you. All pictures are well explained and easy to duplicate. Each shot is described well with a diagram of how the lighting was setup. Definitely one to have in your collection. This book could also help a pro by giving them posing ideas. 0 of 0 people found the following review helpful. Excellent By Walter Wonderful book. It explains each photo, light set up and camera setting. Very helpful. I would recommend this book to everybody interested in photography.
