can be found on various web sites, having it in a book I found easier than sitting thru equivalent YouTube videos. Good reference section. However some parts took careful reading to not miss how to gather some of the options, like the Illuminator. The index does not reference tools such as the Illuminator. 0 of 0 people found the following review helpful. Everything you need to know to walk through and get everything in the game. By D. A. Cruz Everything you need to know to walk through and get everything in the game. Lots of useful information and very easy to follow. 0 of 1 people found the following review helpful. One Star By chi4020 It came in good condition but doesn't explain how to make you own world
