**The Diagram Group : Little Giant Encyclopedia: Card Games (Little Giant Encyclopedias)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Little Giant Encyclopedia: Card Games (Little Giant Encyclopedias):

0 of 0 people found the following review helpful. Great little book By Lars Sveen This little book has a ton of great games with excellent illustrations to really help learn them quickly. In my opinion it beats out Hoyle.

Everything needed for hours of amusement is packed into this handy, portable collection of card games. There are over 200 games for readers to add to their repertoire. Each game is thoroughly explained using detailed two-color diagrams and illustrations, and an index makes it easy for players to find games by name, number of players, or genre. This is a

great gift for anyone young or old and the ultimate source of entertainment!
