Winsor McCay : Little Nemo in Slumberland: So Many Splended Sundays! before purchasing it in order to gage whether or not it would be worth my time, and all praised Little Nemo in Slumberland: So Many Splended Sundays!:

5 of 5 people found the following review helpful. One thing you definitely need in your home collectionBy Mary MurphyThis book is expensive, but the quality is amazing. Is it worth the price? That comes down to how much you like Little Nemo probably. I purchased the book for my boyfriend, and even though I had read the dimensions, I was still surprised by how large it really is in person -- and that is definitely a pro for me. It is the same size as the original newspaper printings, and the paper quality is wonderful. Nice thick, soft pages, that are a pleasure to turn as you go through the book. The colors are incredible. The text is legible. It is a very expensive book -- but it is a very high quality book, and I'd imagine similar art books probably run in the same neighborhood. If you are a true Little Nemo fan, this is probably one thing you definitely need in your home collection.1 of 1 people found the following review

helpful. Gorgeous, gorgeous book!By Megan N CrandellThis is definitely the biggest book I own now -- almost ridiculously big -- but after flipping through the pages, it quickly became clear that this format is the only way you can really take in the full glory of Winsor McCay's incredible illustrations. A beautiful, whimsical piece of history preserved. I'm delighted with it.0 of 0 people found the following review helpful. This table-top volume is a portal to comic-art magic.By Kristy S. HamiltonWhat an amazing book! Truly, this production is a labor of love. The art on display is awesome in the true meaning of the word.

It's just amazing! --Matt GroeningA stunning volume. --Garry TrudeauGorgeous...inspiring --Neil GaimanFrom the Inside FlapHere are the dreams of all children, worlds of fantasy, humor, terror, and grand adventure. It was the greatest comic strip of its day, perhaps the greatest of all time, acclaimed the world over for its artistic majesty, unbounded imagination and ground-breaking techniques that helped define a new art form. But since its debut one hundred years ago, it has been all but impossible to view these masterpieces in their original size and colors. LITTLE NEMO IN SLUMBERLAND can now be seen as creator Winsor McCay intended, full broadsheet-sized and with glorious colors. Over one hundred restored pages are presented in incredible detail displaying the superb draftsmanship of the prolific McCay. Enjoy the Sunday morning experience shared by millions at the dawn of the last century. Again, for the first time.
