Free sample books from Speedy Publishing and its imprints, such as Puzzle Crazy, given to Kindle users. Understand not wanting to give us all of the puzzles in the book, but give us a few that we can

solve...better advertisements when solvable! What we get are a sampling of the crosswords, but not all of the clues for Across are given and NO Down clues at all...How do we know we'd even want to invest in the print versions??? What good are these not even half solvable puzzles to Kindle users...NONE!0 of 0 people found the following review helpful. helpful itemBy Lynnthis is a great itme to help keep your brain mentally sharp and focused. great for people of all ages even senior citizens. makes you think and form new brain paths daily adding years to your life0 of 0 people found the following review helpful.
